
To all our valued patrons:

Since closing on March 16th, we have been hard at work cleaning and disinfecting the entire poker room and TGT facility.

- Racks have been scrubbed by hand.
- Floors have been cleaned.
- All poker tables have been steam cleaned and every surface in the poker room have been wiped by hand.
- Gum under all poker tables and chairs have been removed. These areas were sanded by hand and sanitized.

During this time, we have also done some painting, carpet cleaning, and table disinfecting throughout the entire facility.

We are definitely proud of our newly clean environment and know you will feel comfortable while playing at TGT Poker Room. When we are allowed to open our doors, we will be ready for you! We look forward to seeing you soon!

- TGT Poker Room Management
